Submitted to His Highness.

The consequential arrangements connected with the scheme for the re-organization of the Sanitary Department were discussed at the last Council Meeting when the following opinions were arrived at:-

(1) Mr. P. Parthasarthy, L.M. & S., B.S.Sc., 1st class Sub Assistant Surgeon, may be appointed District Sanitary Officer and posted to Shimoga vice Mr. Peidpett to be transferred to the Public Health Institute as 2nd Assistant.

(2) Mr. Manker may continue in the Public Health Institute as 1st Assistant.

(3) Mr. Samuel may be transferred from Chitaldrug to Hassan as District Sanitary Officer and

(4) the present Manager of the Sanitary Commissioner's Office, Mr. H. Nanjundiah may be promoted to the new grade of Rs.100-10-150 on probation for one year.

2. Mr. Parthasarathy is the only candidate who has until now, obtained the degree in Sanitary Science out of the four candidates sent to Madras with Government scholarships during the past three years. He has been strongly recommended for the post of a District Sanitary Officer.

3. The appointment of Mr. Parthasarathy and also that of the Manager on probation for one year may be approved. Both these proposals are supported by Dr. Arumugam Mudaliar and Dr. Srinivasa Rao.

-:&&&&&&&&&&&&&:-

I propose the following arrangements in connection with the scheme for the reorganisation of the Public Health Department sanctioned in Government Order No. 5113-63 San. 86-13-35 dated the 8th February 1917.

I. PUBLIC HEALTH INSTITUTE.

Mr. A. K. Pani, L. M. S., D. P. H., should be the Senior Assistant in direct charge of the Public Health Institute. He is the most senior among Health Officers, has acted as Director on several occasions during the absence of Dr. Srinivasa Rao on deputation or on leave and has practical experience of the work. BANGALORE.

20. FEBRUARY 1917.

Dear Sir.

With reference to the Government Order No.5II3-63-San 86-I3-35 dated 8 th.Feb.I9I7. reorganising the Public Health Department, I beg to make the following proposals for carrying out the scheme.

For the post of the Senior Officer to be in direct charge of the P.H.I it is necessary to have one possessing the English qualification of D.P.H. and a natural aptitude for Laboratory work.Of all the men having the D.P.H, viz. A.K.Pani is no doubt the senior officer and has also acted as Chemical Examiner and Bacteriologist for I5 months and as Chemical Examiner and Director of P.H.I. for I month during my absence.But the record of his work during this period is such that I can safely say that he is not fitted to be placed in permanent charge of the P.H. I. Any one having some Laboratory experience will see from the notes taken by Mr.Pani of the Chemical and Bacteriological work done by him that it is not worth the paper on which they are written.His work has been done in a slip-shod manner with no attempt at accuracy His strong point lies in executive out-door work and I cannot conscientiously recommend his being taken away from his proper sphere and being made to do Laboratory work for which he has no aptitude whatever.In the P.H.I. he will be a round man in square hole.Any work that he may do there will bring discredit on the P.H.I.His remaining as the Health Officer of Mysore city will not involve him in any loss as he is already getting Rs 400 with a conveyance allowance of Rs 50.He will not also lose his seniority as regards any promotion in the future.

The next senior man having the D.P.H. is Mr.V.L.Manker.He was the Health Officer of Mysore city and also the District Health Officer of Kolar. In both these places he did not prove a conspicuous success.His strong point is not executive work but indoor Laboratory work.He has been in the P.H.I.for 30 months and has proved himself a careful,reliable and accurate worker.To remove him from work for which he has shown a natural aptitude and post him as an executive officer again will not only be unfair to him but will simply mean that the Government does not care to

get the best out of its employees.I strongly recommend that Mr.Manker should be kept in the P.H.I.and designated Chemical Examiner and Ist Assistant Director of P.H.I.

The next senior man is Mr.B.Krishna Rao who though an L.S.Sc.knows very little of Chemistry or Bacteriology,has never in his official life worked in a Laboratory and is moreover a discredited officer.I shall not go the length of pronouncing him unfit ~~unfit~~ for any responsible work under the Government but have no hesitation in saying that he is absolutely unfit to be in the P.H.I.as 2nd Assistant.

The next man with a Public Health qualification is Mr.J.V.Karve.He is an M.B.of the Edinburgh University and a D.P.H. of London.When he was taking the post-graduate course in England he was asked by the Mysore Government to specialise in Practical Pathlogy and Microscopy.But ever since his ~~entry~~ entry into the Mysore service his knowledge and experience have not been utilised to the best advantage by the Government.He has proved a successful executive officer and what is somewhat rare,has not lost interest in Laboratory work.He will prove a ~~real~~ real acquisition to the P.H.I.and I expect that he will render valuable service there.I strongly recommend that he should be posted as 2nd Assistant Director of the P.H.I.

If the expectations of the Government are to be fulfilled in the matter of carrying out original and research work,no better selections for the P.H.I.can be made than Mr.Manker and Mr.Karve.

Mr. Karve is now getting Rs 300 that is Rs 50 more than what is allowed as the maximum for the 2nd Assistant.But even if he is kept as D.S.O.of Mysore he will be in the same predicament.His being in the P.H.I at Bangalore will not involve any extra cost to the Government but the work turned out will be of a better and higher order.

I beg that the Government will consider that it will not be fair to expect me to work the P.H.I with men in whose capacity I have no confidence.I/~~would~~ I would rather have any two Officers of the P.H.Department other than Mr.Pani and Mr. Krishna Rao,in the Public Health Institute.

Mr.Samuel can be posted to the Hassan District as D.S.O.and the Dt Medical officer of Chitaldrug may be the D.M.&.S.O. as in Bangalore,Tumkur and Kolar.

Mr.Poidpett may be transferred to Mysore District as D.S.O.and Mr.Parthasarathy Chetty posted to Shimoga as D.S.O.

Mr.B.Krishna Rao will be thus left undisturbed as D.S.O.of Kadur Dt.

The present Manager of the Sanitary Commissioner'sOffice Mr.H.Nanjundiah is an intelligent and hard working man and deserves the sanctioned increase of pay.

My recommendations are

I.Dr.M.Srinivasa Rau to be gazetted as Sanitary Commissioner and ex-officio Director of the Public Health Institute.

2.Dr. V.L.Manker to be gazetted as Chemical Examiner and Ist Assistant Director of the P.H.I.

3.Mr.J.V.Karve to be gazetted as 2nd Assistant Director of the P.H.I

4.Mr.Reidpett to be transferred to Mysore Dt as D.S.O.

5.Mr. Parthasarathy Chetty to be the D.S.O.of Shimoga Dt.

6.Mr. Samuel to be the D.S.O.of Hassan Dt.

7.The Dt Med Officer of Chitaldrug to be the D.M.&.S.O.of the same Dt.

8.Mr. Nanjundiah to be the Manager of S.O'sorfice on the increased pay.

9.Mr.Pani,Mr.Krishna Rao,Mr. Mascarenhas and Mr.Fernandes to be in their present appointments.
